

Email any form or document directly
from your iSeries/AS400 application

EzeMail/400™

Automatically send merged invoices, statements, P.O.'s and all your forms and business-critical documents to email addresses - all retrieved directly from spool and data files, from spool attributes or directly from IFS storage.

Attachments can be sent as full color, text-search-able PDF documents to any business email platform and at whatever security level required.

1 Run an invoice report and the iSeries spools the invoice file

2 *EzeMail/400* converts spool file into a text-search-able PDF

3 PDF may now be sent by individual email or via automated processing

The **acom** Advantage:

- ✓ Eliminate manual processing, the drain on resources and associated print & mail costs
- ✓ View documents and logs of email transmissions and redirect or resend them in real-time
- ✓ When using ACH payments send statements by email instead of printing & mailing them
- ✓ Integrate with EZeDocs/400 to convert all your electronic forms and reports for email
- ✓ Maintain secure email and PDF file formats for every outbound transmission
