

FAX any form or document directly
from your iSeries/AS400 application

EZ Fax/400

from acom™

Automatically send invoices, statements, P.O.'s and all your forms and business-critical documents to fax addresses - all retrieved directly from spool and data files, from spool attributes or directly from IFS storage.

1 | Access documents through your System i/AS400, then convert them into spool files

2 | EZFax/400 converts spool files into electronic format for sending facsimile

3 | Fax can now be sent individually or through automated processing

The acom™ Advantage:

- ✓ Eliminate manual processing, the drain on resources and associated print & mail costs
- ✓ View documents and logs of FAX transmissions and redirect or resend them in real-time
- ✓ Integrate with EZeDocs/400 to convert all your electronic forms and reports for facsimile
