

EZDesigner Pro Utilities

Turn your desktop designer into an even more powerful tool you can use every day

acomTMSOLUTIONS

EZDesigner Pro Utilities will now allow you to:

- Access the ACOM Customer Care Center
- Request a Security Code
- Update your ACOM software on the iSeries FTP files to the iSeries
- Set up out-queue's directly in ACOM
- Set up and start your Auto-merges
- Set up and start your Email and Fax jobs

Keep your ACOM software current on the iSeries with just a few clicks. It's quick and easy to keep your software updated!

Need a new Security Code from ACOM?

You can request it directly from the Utilities menu in EZDesigner Pro! No need to get the FOSECURE screen, one click and it's done!

For your users that are not green screen savvy you can now maintain your Automerges from the GUI interface. This is a great way to start/stop your Automerges, Emails, and Faxes.
